How to start earning money

Start Earning Money

Once you have logged in into our account you can start to earn money with it.

Click on “View Advertisements” This will take you to the view advertisements page where you can make money with it. As you will see there is a table. Each table row has a different ad. In my case, at least 15 ads appear, but in your case there should be at least 4:

The screenshot displays a dashboard interface with a green header bar. The header contains the text "Your advertisement clicks reset at 06:53" on the left and "The current server time is 2011/04/12 14:18" on the right. Below the header, there are three main sections, each with a blue header and a grid of advertisement cards. Each card has a title, a description, and a star icon.

- Micro Exposure:** Contains three cards: "CLIXSENSE" (with a star), "Its Official,Cheapest Ad Packs" (with a star), and "Honest Company" (with a star and "\$0.001" below it). Below these is a card for "REGISTER FOR FREE TODAY" (with a star).
- Fixed Advertisements:** Contains six cards: "More at your fingertips" (with a star), "Great PTC Running since 2007" (with a star), "Extra Income" (with a star), "The Binary Options" (with a star), "Life Coaching" (with a star), and "ePro" (with a star). Below these is a card for "Royal Capital Markets" (with a star).
- Expired Advertisements:** Contains six cards: "MONEY LINKS Directory", "NO MINIMUM PAYOUT FOR A", "BuxOze = 70 \$ in 1 week !", "Bux Bindass Zeus v2.2 Script", "\$\$\$\$ Clixsense \$\$\$\$", "ulaunchformula", "Earn \$1 Per Click", "VCBUX THE BEST AVG 2.5", and "get paid and make friends".

The adverts can vary from time to time. To view the ad you have to click the title of the advert:

Click on one ad and then the red button that appears:

After clicking the red button and a new window opens in your browser and the ad will display

Once the advert has fully loaded, a progress bar will appear:

Once the progress bar finishes it will change to this:

Click rest of the ads one by one

Renting referrals to increase income

Rent referrals to earn more money

What are referrals?

A referral is someone who works for you.

A referral receives what everyone receives when they views adverts:

Money!

But if a user views an advertisement and is your referral, you also get money.

Ultimately, a referral is another member like us, every time they view an advertisement and earns money, we also earn from it, you lose nothing.

There are currently two types of referrals and two methods of acquiring

them them:

DirectReferrals:

Users who register under you by putting your username as their referrer.

Rented referrals:

You initially rent them for one calendar month.

You can rent referrals that work for you. You only have to pay NeoBux for your referrals. Those you rent are active, meaning they have clicked at least 10 advertisements in the last 5 days.

The prices per month are:

How to request a payment

To request a payment you only need to have passed the minimum amount of earnings needed criteria. This amount is \$2.00 at the beginning. Once we have requested our first payment the minimum is raised to \$3.00, when we request another one it becomes \$4.00 and so on until it reaches \$10.00 as the minimum amount required to request a payment. Once you reach \$10.00 it remains the same.

If you have exceeded the minimum amount required you will see the payment button in green on your account summary page

If you click on the button underlined in red you will be directed to a page where you can choose PayPal or payza or neteller. We select the

payments processor we like and we will see a confirmation window. Verify that your PayPal/payza/neteller account is correct, if everything is correct click "YES".

Within seconds you will have the money in your **PayPal/payza/neteller** account. Instant payments are fantastic.
